SUMMARY

Fullstack Web Developer with a Bachelor degree in Information Systems (Mercu Buana University Yogyakarta, 2023, GPA 3.34). Built 8 Laravel-based websites and digital systems, from company profiles and product catalogs to an order-production management system and a phone service application. Comfortable owning the full cycle: planning, frontend, backend, database, admin panel, and deployment.

SKILLS

Frontend: HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, Alpine.js

Backend: PHP, Laravel, CodeIgniter, REST API

Database: MySQL

Tools: Git, GitHub, VS Code
